Mission & Vision

Mission

(PROPOSITION-NOT OFFICIAL) Drilleedo’s mission is to simplify everyday home services by instantly connecting people with trusted local professionals. Through a fast, intuitive digital experience, Drilleedo helps households solve problems efficiently while empowering skilled service providers to access fair opportunities, grow their work, and build lasting relationships within their communities.

Vision

(PROPOSITION-NOT OFFICIAL) Drilleedo envisions a world where accessing home services is effortless, transparent, and trusted. By building a human-centered digital platform, Drilleedo aims to redefine how people find local help, empower service professionals, and create a reliable ecosystem where quality work, fairness, and convenience shape everyday living experiences.

Our Logo

Primary Logo

The Drilleedo logo combines simplicity and sharpness to reflect the brand's bold, reliable, and human-centered approach to home services. The Drilleedo logo is a symbol of quick, trustworthy, and effortless help, connecting people to skilled helpers in a way that feels natural, friendly, and professional.

Drilleedo®
easy help, fast solutions

Logo Versions

The Drilleedo logo is presented in all its versions, including the full logo, logomark, logotype, and logotype with slogan (both aligned and centered), to ensure flexible and consistent application across all brand touchpoints.

2025

Preferred Logo Version

The horizontal logotype version is the primary and preferred representation of the Drilleedo brand. It should be used whenever possible, as it ensures optimal readability, balance, and brand recognition. This version represents the core identity of Drilleedo and must be considered the default choice across all official communications and brand touchpoints.

Secondary Logo Version

The horizontal full lockup version is intended for secondary use cases where stronger brand presence or visual impact is required. This version may be used in situations such as placement alongside competitor logos, selected stationery materials, or specific social media contexts where the full lockup appears more visually appealing or assertive. Its use should remain complementary and not replace the primary logo.

Logomark (Icon) Usage

The logomark version (icon only) is designed to ensure maximum adaptability in constrained spaces. It is typically used for social media profile images, app icons, web kits, favicons, and other digital environments where space is limited and instant recognition is required.

Logo Colors

The Drilleedo logo is designed with flexible variations to adapt seamlessly across different applications. From the full logo with wordmark and tagline to simplified versions using just the icon, each version retains the brand’s identity, trust, and recognizability. This versatility ensures consistent branding while allowing the logo to perform effectively on apps, websites, social media, and print materials.

2025

Monochrome Logo

The Drilleedo logo, whether in its primary horizontal logotype or the full lockup horizontal version, can be applied in monochrome on dark or white backgrounds. This ensures consistent visibility, legibility, and brand recognition across applications where full-color usage is not possible.

2025

Logo Scalability

The Drilleedo logo maintains its clarity, legibility, and impact at all scales. Presented at 100%, 75%, 50%, and 25%, the logo remains easily recognizable and memorable, ensuring consistent brand presence across a variety of applications, from large-format visuals to smaller digital assets.

Logo SafeZone

2025

A clear space must be maintained around the Drilleedo logo to ensure visibility, legibility, and visual impact. No other graphic elements, text, or images should intrude into this area. The safe zone is defined relative to the logo's proportions and ensures the brand remains distinct and recognizable in all applications.

1/2 Height of the Logotype.

1/4 Height of the Logotype.

Logo Rules

To preserve the integrity of the Drilleedo logo, it must never be stretched, distorted, or altered in proportion. Do not apply background effects, outlines, shadows, or filters, and do not change the logo colors outside the approved palette. The slogan must not be modified or replaced, and the icon alignment must remain unchanged (no mirroring or rotation). Avoid adding decorative elements to the logo (e.g., hats or seasonal graphics), and never place the logo on complex backgrounds or over faces in photography, as this compromises clarity and recognition.

Color Palette

Color Palette

This palette is inspired by the energy and reliability of everyday home helpers, balancing deep, confident blues with vibrant, action-oriented accents and soft, supportive neutrals. It communicates trust, approachability, and hands-on professionalism, reflecting the ease and friendliness of Drilleedo's services.

Social Media

Social Media

For social media, the logomark (icon only) is preferred for profile images and small icons to ensure clarity and recognition. The primary horizontal logo or full lockup version can be used on banners, posts, or other visuals where space allows. Always maintain sufficient contrast and clear space to preserve legibility and brand consistency across platforms.

2025

Social Media

Social media cover images are designed to reflect the essence, tone, and personality of the Drilleedo brand. They combine authentic photography, brand colors, and clear messaging to create a strong first impression. Covers should remain visually balanced, avoid overcrowding, and consistently reinforce brand recognition across platforms.

2025

Social Media

Social media stories are designed to be dynamic, engaging, and human-centered, highlighting everyday moments, services, and people behind Drilleedo. They should use bold visuals, short messages, and strong contrast to ensure immediate impact, while consistently applying brand colors, typography, and logo elements for instant recognition.

2025

Stationary

Stationary

All stationery applications should follow the visual guidelines to reinforce brand recognition across both digital and printed materials.

Brand Guidelines

Drilleedo - Visual Identity Guidelines

Drilleedo[®]

easy help, fast solutions

The Drilleedo Brand Guidelines define the essential visual elements that ensure consistency, clarity, and recognition across all brand applications. They serve as a reference to help maintain a strong, coherent, and adaptable brand presence.

This document serves as a reference for designers, developers, and partners involved in the creation of Drilleedo materials. Any use outside these guidelines should respect the core identity and visual integrity of the brand.
